Practical information

Venue

University of Applied Sciences FH Campus Wien

Address: Favoritenstrasse 226, 1100 Wien, registration desk in the main entrance hall

How to arrive: From the city centre, take metro line U1 and get off at stop Altes Landgut (U1's track is currently being extended and this stop will be served from early September onwards). From there, head down Favoritenstrasse in southern direction. FH Campus is about five minutes from the metro station on the right hand side.

Transportation

Getting to Vienna by air

Schwechat International Airport is located approximately 10 kms southeast of the city centre and can be easily reached by public transport.

Regional trains (S-Bahn) leave the airport every 30 minutes during the daytime. The journey to the city centre takes about 20-25 minutes. There are two stops with direct metro connections: get off at Wien Mitte/Landstrasse for metro lines U3 and U4, or at Wien Praterstern for metro lines U1 and U2.

Additionally, there are also long distance trains leaving from the airport which take you to the main railway station Wien Hauptbahnhof. The duration of this journey is about 15 minutes. The main railway station is connected to metro line U1 (station Südtiroler Platz/Hauptbahnhof).

Tickets for all connections described above can be bought at the red ÖBB ticket vending machines or online on [ÖBB's website](#), for the price of EUR 3,90. When returning to the airport and given that you hold a valid Wiener Linien ticket (i.e. for metro, tram or bus) you do not need to pay the full fare to the airport, but should rather select the "From city border Schwechat" option on the ticket machine. This will make your ticket price drop to EUR 1,70.

Alternatively, there is the City Airport Train (CAT) which will save you a couple of minutes on your trip to the city centre, but which is also significantly more expensive (tickets cost EUR 11,00 for a single or EUR 19,00 for a return trip).

Taxis from the airport to the city are also rather expensive and will cost you about EUR 25,00 to EUR 30,00. They can also be booked online in advance, with several companies (<http://www.wiener-flughafentaxi.at>, <http://www.airportdriver.at>, etc).

Getting to Vienna by train

All long-distance trains (except Westbahn's, which only serves Austria's Western parts) as well as international trains from Slovakia and Hungary stop at Vienna's recently built main railway station, located in the southern part of the city.

The main railway station is connected to metro line U1 (station Südtiroler Platz/Hauptbahnhof) as well as several trams (D, 18, O) and bus lines (13A, 69A).

Both [Slovak](#) and [Hungarian](#) railway have special offers for return tickets to Vienna.

Getting around the city

Vienna has a very well developed and reliable public transport system with several metro, tram and bus lines – all run by Wiener Linien – serving all parts of the city.

Timetables as well as a journey planner are available on Wiener Linien's [website](#). They also have a very useful mobile app, Qando, which allows one to search for connections on the go.

A single, one-way ticket costs EUR 2,20. It is valid for metro, tram and bus, and you can also change lines with it. Also available are tickets for 24 (EUR 7,60), 48 (EUR 13,30) or 72 (EUR 16,50) hours. Tickets are avail-

able in the Vienna Transport Authority's ticket offices, tobacconists and at ticket machines in metro stations.

Networking dinner

Networking dinner on the evening of day 1 will take place in [Restaurant Sperl](#), Karolinengasse 13, 1040 Wien. The restaurant is located next to the Belvedere Gardens and just a 10 minutes walk away from the main railway station (U1 stop Südtiroler Platz/Hauptbahnhof). <https://goo.gl/maps/AxLa3AwW3cH2>

Accommodation

As there are no agreements or special fares with specific hotels for this event, we would recommend you make use of specialized booking platforms such as www.booking.com or www.trivago.de in order to find your accommodation.

Due to the efficient public transport system, from practically every hotel located close to a metro station, your travel time to FH Campus will hardly be longer than half an hour maximum.

The following hotels are all conveniently located (close to both the main railway station and FH Campus):

- [Motel One Wien Hauptbahnhof](#)
- [Hotel ibis Wien Hauptbahnhof](#)
- [Austria Trend Hotel Theresianum](#)
- [Hotel Daniel Wien](#)
- [Novotel Wien Hauptbahnhof](#)
