

Austria – Hungary – Slovakia

Erasmus+

Higher Education Seminar on Cooperation with Partner Countries

September 20 & 21, 2017

FH Campus Wien

Favoritenstrasse 226, 1100 Vienna

<https://www.fh-campuswien.ac.at/en.html>

With its various key funding actions, the EU programme Erasmus+ supports internationalisation and modernisation of Higher Education Institutions (HEIs) in programme as well as partner countries. It encourages HEIs to actively take part in Erasmus+ actions, and provides a foundation for worldwide mobility and cooperation. In Austria, the National Agency Erasmus+ Education (OeAD-GmbH) conducts information events, and also offers one-on-one consultations, in order for HEIs to develop a strong application for an Erasmus+ project, and to successfully implement their ideas.

This two-day-event, specifically, focusses on international cooperation opportunities, i.e. cooperation between programme and partner countries. Several Erasmus+ key funding actions will be presented, and successful applicants will share their experiences and know-how in different workshops. Representatives from the National Erasmus+ Offices (NEOs) of Albania, Armenia, and Jordan will also be present at the event, and HEIs will have the opportunity to consult them about their cooperation ideas. Additionally, the National Agencies of Austria, Hungary and Slovakia will provide information about the different Erasmus+ project frameworks, and will welcome questions about potential projects.

This seminar addresses faculty, project coordinators, department heads, and all other HEI staff members who would like to (potentially) apply for activities within the Erasmus+ programme, and/or are looking for good practice examples to inform the way they implement their own project.

Programme

Moderator: GERHARD VOLZ, OeAD-GmbH / National Agency Erasmus+ Education Austria

Day 1 – September 20
