| Last Name | Grogger | First Name | Marina |
| HE Institution | University of Education Stefan Zweig Salzburg | | |
| Department | International Office | | |
| Position | Head of International Office | | |
| Address (HEI) | Akademiestraße 13 | | |
| Postal Code & Town | 5020 Salzburg | Country | Austria |
| Telephone | +43 | Email | |
| Web address | www.phsalzburg.at | | |
| Experience of your HEI in international cooperation (mobilities, projects, available study programmes in English language): | | | |
| <p>The Salzburg University of Education Stefan Zweig (PH Salzburg) combines professional initial teacher training, in-service training and continuing education of teachers with research on relevant educational needs for the future of society. Personal and social qualifications are assessed to the same extent as methodology and profound knowledge. The attached training schools enable students and professors to put theoretical know-how into practice.</p> <p>In addition to the regular teacher training programs the Salzburg University of Education Stefan Zweig offers a tailor-made international program in the fields of Humanities, Social Sciences, Education and Teacher Training in English language. Incoming ERASMUS+ students from partner universities are welcomed as well as regular students from the PH Salzburg. A European network of contracts with 76 partner institutions contributes to the attractiveness of PH Salzburg Stefan Zweig and supports mobility for teachers and students alike. They are encouraged to take part in national and international development and research projects thus becoming part of a European educational and social community. Research and teaching at the PH Salzburg Stefan Zweig are intended to correspond to the profile of an inclusive university which reflects social diversity. This inclusive approach should open up non-discriminatory opportunities including gender, disabilities, migration and social background. It will strengthen the employability of students becoming future teachers in schools and staff in various pedagogical contexts. The inclusive university understands itself as a learning organization. "All equal – all different". The BluE program is a specific access route that allows people with intellectual disabilities to experience university education and participate in university activities just like their student peers in a four year program.</p> <p>Some facts Founded in 2007 Number of teaching staff (incl. part-time) 370 Students of teacher training 570 Students of in-service-teacher training 10.600 Students of continuing teacher training 1.128 International ERASMUS+ Projects 2018-19: 4 ongoing projects, Applications March 2019: 3 projects</p> | | | |

If you are interested in **Erasmus+ Capacity Building in Higher Education (KA2 – CBHE)**, please describe your project idea shortly:

Other relevant information (if applicable):

PH Salzburg Stefan Zweig would like to cooperate with a teacher training college or university in Armenia. All topics of pre-school, kindergarten and primary school teacher education are of interest. The thematic priorities for future mobilities of students, teaching staff and research staff are focused on integration and inclusion. PH students are encouraged to do short-term internships in not so well known regions, offering lessons in German or English at schools. This so called Active Citizenship placements may be part of a future cooperation.

| If you are interested in Erasmus+ Capacity Building in Higher Education (KA2 – CBHE) , please describe your project idea shortly: | |
| We don't have a solid idea yet. We are waiting to see what is possible. But we have been considering a capacity building project to continue our current APPEAR project with our Armenian partners, and to broaden the field and partnerships perhaps we could branch out to other partners from Georgia as well. We do have another interested group in Uzbekistan. | |
| Other relevant information (if applicable): | |
| We are interested in participatory methods with stakeholders, and integrating stakeholders into curriculum development and curriculum itself based on student-centered learning. We already have one mobility in progress and another waiting for a decision for next year on a second mobility. We have heard about the very high administration input required for Erasmus+ capacity building projects, and are also looking for other project/possible grants to continue our work with our Armenian partners | |

| Experience of your HEI in international cooperation (mobilities, projects, available study programmes in English language): | | | |
| <p>ASUE is participating in a number of mobility projects in Erasmus+ KA1 programme, including projects for students and academic staff. We have more than 20 partnerships with EU universities. During 2016-2019 years we had approximately 100 outgoing and 70 incoming staff members, as well as nearly 100 outgoing students. Besides mobility projects ASUE is actively involved in Erasmus+ KA2 projects, in particular REFINE, eDrone and HEIFYE projects.</p> <p>REFINE addresses the need for reform of study programmes in Finance with regard to contents and teaching methodologies / pedagogical approaches. It addresses the demand for alignment of study programmes with labour market demands to provide the Armenian and Moldovan economies with highly skilled graduates in Finance. Against this background the wider objective of REFINE is to enhance the quality and relevance of six existing Master (MA) programmes in Finance in Armenia and Moldova through targeted reforms.</p> <p>The aim of eDrone proposal is to define a learning environment to deliver more opportunities to access new competences related to the use of drone technologies in professional activities. These new competences refer in particular to the use of advanced ICT solutions for the use of drones and of the data acquired through drones that may go a long way towards the goals and priorities in terms of optimization of the professional competences, that have already been stated in the Social-economic Development Strategy 2020 of all the Partner Countries, and in terms of creating new job opportunities, especially for youth that is strongly encouraged by Europe 2020 strategy as stated in the European Commission Communication "Youth on the Move".</p> <p>The idea of HEIFYE project is intensifying of youth entrepreneurship in the context of European integration both within countries and between the Eastern Partnership countries and the European Union with use of the experience of creating successful business models in the Eastern Partnership countries.</p> <p>HEIFYE project aims at:</p> <ul style="list-style-type: none"> • strengthening of transnational cooperation between education, science and business; • increasing the international aspect of entrepreneurial education; • transferring the best business practices in the context of European integration, as well as the implementation by the business sector of opportunities for European integration in partner countries; • improving competences and entrepreneurial skills among young people in partner countries. <p>ASUE offers English courses at both bachelor and masters levels. Please, kindly follow the links for more information:</p> <p>Bachelor: https://asue.am/en/applicant/education-of-foreign-citizens/bachelor</p> <p>Masters: https://asue.am/upload/files/foreign-students/Masters_of_Business_Administration.pdf</p> <p>You can learn more about the international cooperation and projects of ASUE via the following link: https://asue.am/en/international-programs</p> | | | |

| <p>Armenian State University of Economics Gyumri branch is aimed at launching a Startup Academy / Incubator, which will promote the development of innovative SMEs in the region.</p> <p>Main objectives.</p> <ul style="list-style-type: none"> ● Boost Startup development in Shirak region, ● Promote Shirak region and Armenian State University of Economics Gyumri Branch (the University) as a Startup Development Center combining formal and non-formal forms of education <p>Key objectives:</p> <ul style="list-style-type: none"> ● Promote the potential for business ideas and entrepreneurs at university ● Establish a culture of entrepreneurship in university teaching, research and management for the long term ● Increase the number of innovative business start-ups and create secure new jobs in the region | | | |

Application Form

The first phase of the project is going to be implemented in the **Armenian State University of Economics Gyumri branch**. In this stage, a **Startup academy** will be created and developed. The Academy is to be the starting point for creating and scaling new high-growth innovation-based tour-industry startups, while providing an interactive learning opportunity.

In the second stage, the Startup incubator will be created, which will bring together students, entrepreneurs, people, who have innovative business ideas for the development of tourism and services in the region. Our aim is to optimize entrepreneurial behavior in our region, to help startups solve issues concerning planning, budgeting, applying for grants, getting investment, etc.

The incubator will become a center providing-

- assistance in finding financial resources, attracting investors.
- assistance to run business, understand its basics
- help with accounting/financial management
- links to strategic partners
- marketing assistance
- management assistance, etc.

**Experience of your HEI in international cooperation** (mobilities, projects, available study programmes in English language):

ASUE is participating in a number of mobility projects in Erasmus+ KA1 programme, including projects for students and academic staff. We have more than 20 partnerships with EU universities. During 2016-2019 years we had approximately 100 outgoing and 70 incoming staff members, as well as nearly 100 outgoing students. Besides mobility projects ASUE is actively involved in Erasmus+ KA2 projects, in particular REFINE, eDrone and HEIFYE projects.

REFINE addresses the need for reform of study programmes in Finance with regard to contents and teaching methodologies / pedagogical approaches. It addresses the demand for alignment of study programmes with labour market demands to provide the Armenian and Moldovan economies with highly skilled graduates in Finance. Against this background the wider objective of REFINE is to enhance the quality and relevance of six existing Master (MA) programmes in Finance in Armenia and Moldova through targeted reforms.

The aim of eDrone proposal is to define a learning environment to deliver more opportunities to access new competences related to the use of drone technologies in professional activities. These new competences refer in particular to the use of advanced ICT solutions for the use of drones and of the data acquired through drones that may go a long way towards the goals and priorities in terms of optimization of the professional competences, that have already been stated in the Social-economic Development Strategy 2020 of all the Partner Countries, and in terms of creating new job opportunities, especially for youth that is strongly encouraged by Europe 2020 strategy as stated in the European Commission Communication "Youth on the Move".

The idea of HEIFYE project is intensifying of youth entrepreneurship in the context of European integration both within countries and between the Eastern Partnership countries and the European Union with use of the experience of creating successful business models in the Eastern Partnership countries.

HEIFYE project aims at:

- strengthening of transnational cooperation between education, science and business;
- increasing the international aspect of entrepreneurial education;
- transferring the best business practices in the context of European integration, as well as the implementation by the business sector of opportunities for European integration in partner countries;
- improving competences and entrepreneurial skills among young people in partner countries.

ASUE offers English courses at both bachelor and masters levels. Please, kindly follow the links for more information:

- Up to two weeks of staff mobility for training abroad
- 7 weeks of student internship abroad
- Up to one year student internship in Armenia

6. Previous international experience in mobility projects:

- Each year hosting instructors' mobility to Armenia for 65 professors from the University Jean-Moulin Lyon 3 (since 2013),
- 7 weeks of Bachelor students' internship in France, Belgium (since 2005)

Erasmus+: Key Action 2. Capacity Building in Higher Education

In line with the strategy of internationalization, UFAR is planning to participate and develop proposals for the new Erasmus+ call for proposals 2019. We are looking for partner institutions willing to cooperate in projects including quality assurance, internationalization development and improvement of the teaching methods and education management. Our aims within the Erasmus + partnership projects include:

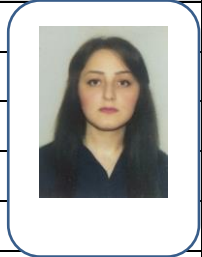

- Exchanging experience and knowledge for providing quality assurance and enhancing the European dimension in higher education;
- Fostering quality improvements, innovation excellence and internationalization at the level of higher education, in particular through
 - enhanced transnational cooperation between Universities and other stakeholders;
- Exchanging experience and knowledge on delivering double state diplomas;
- Participating in the capacity building projects aimed at supporting higher education reforms in partner countries;
- Promoting cooperation and partnerships that have an impact on the modernization and internationalization of higher education institutions;
- Enabling our students and staff to gain advanced professional achievements and develop their skills through capacity building projects;
- Strengthening our European links and assuring student and teacher mobility.

SAFAA (prior Yerevan State Academy of Fine Arts) was established in 1946 and has its exclusive role in the development of Armenian culture and dissemination of international one. SAFAA has 2 departments: fine arts and design & decorative applied arts and two regional branches in Gyumri and Dilijan. SAFAA mission is to prepare highly qualified Arts specialists and to inspire and preach new aesthetic values. It prepares specialists not only for creative activities but also for innovations in the field of culture. Since 2005 SAFAA has been actively working on implementing Bologna action lines. It has adopted BA- 4 years, MA- 2 years, PhD- 3 years, levels of education, integrated ECTS system and established an internal quality assurance system. The Academy has been actively working on external communications and has taken measures to facilitate student and staff mobility. SAFAA has made significant strides in its internationalization through involving international students and participation in international grants (Tempus, Erasmus Plus, World Bank, OSI).

| Experience of your HEI in international cooperation (mobilities, projects, available study programmes in English language): | | | |
| <p>Vanadzor State University after H. Toumanyan has close cooperation with more than 20 HEIs of both European and post-soviet countries.</p> <p>Capacity building projects have been implemented at VSU since 2013 due to 5 Tempus-funded projects, namely: MAHATMA, GOVERN, LeAGUe, SSRULLI, and VERITAS. Currently the university is involved in two Erasmus+ Capacity building projects: BOOST and PRINTeL which mainly deal with internationalization and innovative teaching and learning methods.</p> <p>First mobility projects were implemented at VSU in 2013-14 academic year. Thanks to four Erasmus Mundus Projects (EMINENCE, EMINENCEII, IANUS, IANUS II) the university gained experience in that field. At present VSU has Erasmus+ bilateral agreements on International Credit Mobility with the 7 EU universities from Portugal, Spain, Germany, Romania, Bulgaria, Poland and Sweden.</p> | | | |

| Experience of your HEI in international cooperation (mobilities, projects, available study programmes in English language): | | | |
| <p>Yerevan Brusov State University of Languages and Social Sciences cooperates with a number of CIS and European leading universities. The University has cooperation agreements with about 65 institutions and carries out exchange programmes for students, faculty and administrative staff, researches, capacity building and resource development programmes (TEMPUS, Erasmus+, Fulbright, DAAD, etc.) with them. As a language teaching specialized university, the YSULS cooperates with foreign representations and diplomatic missions in Armenia within the framework of which foreign lecturers teach at the University by providing culture and language transfer special to the taught language. Moreover, the YSULS is the only university that carries out the EVS programme funded by the European Commission. Due to this programme, many volunteers from Europe organise language teaching and other professional informal courses. Each year the YSULS students participate in Erasmus+ Credit Mobility exchange programmes and, as a result, the best students get scholarships to study for a semester at the best universities of Italy, Spain, Poland, Romania, Estonia, Belgium, Greece and Latvia. YSULS is a unique blend of the old traditions and innovative ideas coming from 1935. Since its foundation YSLU added a new policy to its traditional teaching education by providing new MA and BA and PhD programs in Linguistics and Intercultural Communication. Its main strengths lie in the field of semiotics, comparative linguistics, linguistics and information sciences, international journalism, international tourism, Asian and European Studies, multilingual and multicultural education. It has a strong and constantly growing component of foreign language study, and all the students of the University study at least three foreign languages. The University offers eight foreign languages as majors (Russian, English, French, German, Italian, Spanish, Korean and Chinese) and about 20 languages as minors (Chinese, Korean, Arabic, Hindu, Polish, etc.). The YSULS organizes the internationally recognized qualification of the Italian language CELI (Certificate of Knowledge of Italian Language), the ÖSD German language exam and the Certificate of Use of Language in Spanish (CELU) on annual basis.</p> | | | |
