EUROPEAN STRATEGY FOR UNIVERSITIES

SUPPORTING AND ENABLING HIGHER EDUCATION INSTITUTIONS ACROSS EUROPE

Four key objectives

1 Strengthen the European dimension in higher education and research

Bringing transnational cooperation to a higher level contributes to a culture of excellence and inclusion, a true European identity, and global competitiveness and attractiveness

2 Consolidate universities as lighthouses of our European way of life

Strengthen quality and relevance for future-proof skills

In a fast changing environment, universities need to strengthen their capacities to equip young people, lifelong learners and researchers with the right competences and skills

Foster diversity, inclusiveness and gender equality

More institutional changes are needed for universities to become places of truly equal opportunities

Promote and protect European democratic values

Universities need to be places of freedom: for speech, thought, learning, research

3 Empower universities as key actors of change in the twin green and digital transitions

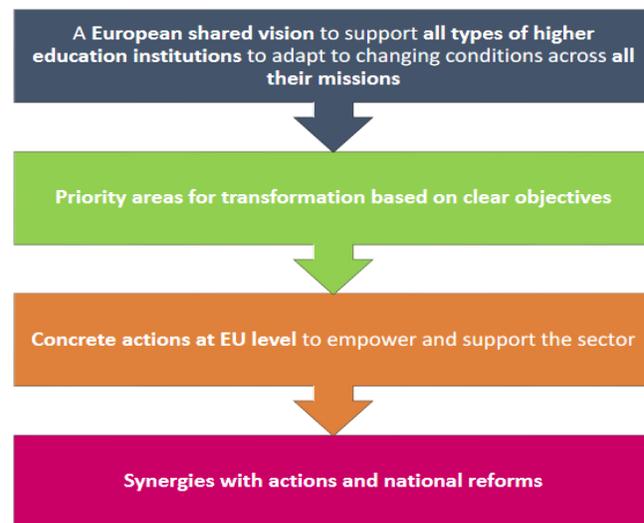

Develop skills, competences and technological innovation for the green and digital transition

Universities are key actors for the green transition and for a more sustainable world. We need to make 'connected universities' a reality

4 Reinforce universities as drivers of Europe's global role and leadership

Universities are instrumental in building Europe's connections with the world

Ukrainian universities has joined European Universities Alliances to work together on challenges
