Erasmus accreditations: a New Path to Mobility

starting Monday 14 September 2020

Why a course on the new Erasmus Accreditations?

Erasmus accreditations are a tool for organisations that want to open-up their activities to cross-border exchange and cooperation and are designed for organisations that plan to implement learning mobility activities on a regular basis. Award of the Erasmus accreditation confirms that the applicant has set up a plan to implement high quality mobility activities as part of a wider effort to develop their organisation. This call for accreditation is published to facilitate the application of potential beneficiaries of Union grants as soon as the legal basis is adopted by the European legislators.
